The Yeast of Chinusa Region.

It is Celebrated by the Jews in Nome of the Macabees.

The Feast of Chinusa, also known as the Yeast Festival, is celebrated by the Jews throughout the world, in honor of the Israelite King, Solomon. It is observed for eight days. In commemoration of the deliverance of the Israelites from the Pharaoh's bondage during the Passover, the Jews eat unleavened bread during this period. The Yeast Festival is also celebrated in Nome, Macabees, consisting of Mattathias and his five sons, Eleazar, Judah, Jonathan, and Simon, and a guide.

The Feast of Chinusa begins by light a candle on the eve of the festival, and on each of the eight days of the period of the Feast, and display them in a procession around the city. The meaning of the feast is the celebration of the renewal of life, the coming of renewal, and the hope that the future will bring only enough for life. In addition to this the Feast of Chinusa is considered an important religious ritual.
